## PRINCIPAL'S DESK

SMT. PARWATI G. IYER  
PRINCIPAL

Dear Parents,

The greatest gift we can give our child is to be a good, supportive and an understanding parent. It's time to make a call and realize that children need to be **HEARD, RESPECTED, INSPIRED AND SUPPORTED** to grow.

**CHILD** being the vital string in the relationship for the bonding in a family. It's time to understand each other's need. Let us try to know why the child misbehaves, try to find the reason, maybe, any one of the 'four devils' – **Hungry, tired , upset or ignored be the causative agent**. As it is well known that discipline and behavioral management must be intrinsic and not extrinsic. This means the child must feel loved enough to know how to express his needs. He/she must not feel fearful, threatened or lonely but be expressive and protective as-

**"Our Children need our PRESENCE,  
More than our PRESENTS."**

And this calls for a Positive Parenting which enhances love, openness and compassion in the relationship between parents and the child. It also ensures that the child develops all the right qualities, thus making him/her a happy kid. Be a part of our journey and help us in raising a happy kid. We would strongly recommend the Mantras for raising a happy, well-balanced and successful child.

### MANTRAS # TO RAISE A HAPPY KID

- Accept the child as a unique individual , do not compare him/her with siblings, friends or relatives.
- Structure his/her day with routines responsibilities and relaxing independence!
- Let us try to retrospect with ourselves every night and be a part of encouraging management rather than a criticizing factor for the child.
- Let us tell ourselves every morning, it is o.k. to make mistakes and help them to learn from it.
- Give the child an opportunity to succeed and experience success every day!
- Know your child and keep your expectations realistic.
- If we are proud of your child's achievements then be compassionate in accepting his/her failure!
- Gift them childhood everyday, every moment.
- Let us give the child a great teacher. Children are great imitators. So give them something great to imitate.
- Being the child's role model will be better than always being his/her critic.
- Let us learn the art of critical appreciation.
- Play is the work of childhood as questions are their tools. Let us not curb their curiosity as the urge to learn may also die.
- Make children decision makers and give them the ability to solve problems and the foundation for this lies in giving choices to them during childhood.
- Grandparents are essential for the development of child's self-esteem. They are the best 'fan club' for a child, involve grandparents in your child's life.
- Monitoring the child is the key to his/her growth. As mini time table can be prepared to regulate the daily chores of life – as watching T. V isn't bad, but watching bad programs that have violence, sex, rude behaviour can be a destructive cause.
- As sleep time is essential for brain development, remember brain organizes itself during sleep time, so ensure that your kids go to bed early and maintain a routine.
- Being a leftie is fine, don't force your left handed child to become right handed. If you are still not convinced then have a look at the number of great personalities who are left handed!
- Learn unconditional love as 'love liberates' when we get it from children, Don't forget they are the best teachers.
- Let us Nurture the relationship and spend quality time with each other every day and become the happiest family as-

**"It is what our INPUT is , it is what our VALUE SYSTEM is,  
It is what we communicate with them ,  
That Brings an OUTPUT and helps in honing the skills with holistic development of the child."**

We appreciate the effort taken, in doing what is best for the child. We hope that parenthood will be fulfilling and enjoyable as life is all about 3 words that are closely related- **Belief, Trust and Faith**.

**"Belief** is what we have in ourselves, **Trust** is what we have with people and **Faith** is what we have in that unknown invisible force which we know is working with us, for us and will carry us through

## CLASSROOM BUSTLE

**“Sorting of Fruits & Vegetables”**

**“Finding Home”**

**“Sponge Squeezing”**

Providing students with high quality learning activities in relevant situation beyond the walls of the structured syllabus is vital for helping students appreciate their first hands on experience from a variety of different perspective. Children at Bal Mandir gain knowledge through self enhancing activities.

**“Magic of Colours”**

**“Bonding with nature”**

*“It is easier to build strong children than to repair broken adults.” ~ F. Douglas*

**“Learning Shapes”**

**“May this Tri - colour flag always fly high”**

Students engage with each other in learning tasks, they remember materials better and they figure out how to apply and extend their knowledge more effectively. This approach promotes learning among students from diverse backgrounds and who have diverse learning styles.

**“Let's find the Treasure”**

**“Brain at work”**

**“Colour Palette”**

**“Enhancing vocabulary”**

**“Little Chefs”**

**“Biscuit topping”**

*“Children have real understanding only of that which they invent themselves.” ~ Jean Piaget*

## BEYOND THE CLASSROOM

**“Tug of War”**

**“Free Play”**

**“Developing Gross Motor Skills”**

Experiences outside the classroom also enhances learning by providing students with opportunities to practice skills of enquiry, value analysis, clarification and problem solving every day.

### Vegetable Market Activity

**“Market Set Up in the School Premises.”**

The vendors were selling the vegetables and the fruits to the tiny tots of Nursery, K.G.I. and K.G.II. Children were able to identify the vegetables and fruits and assisted the vendors to weigh the same on scale. Children acquired a good exposure of buying and selling procedure and also knowledge on various fruits and vegetables. They understood the significance of fruits and vegetables for a healthy life and the procedure of buying and selling involved with money. It was a practical learning experience for the children.

*“The trouble with over-structuring is that it discourages exploration.”*  
~ Jay Giedd, Neuroscientist, University of California

## Picnic

A Picnic is an event to eat outdoors, have a break, enjoy the warm sunshine, and have fun with friends. It plays an important role in developing personality traits and interpersonal skills among students. Mainly the purpose of picnic is to connect diverse culture of students at one platform. Spending time outdoors, basking in nature, the pure air invigorates kids and leaves the little ones feeling rejuvenated.

*"Let the child be the scriptwriter, the director and the actor in his own play." ~ Magda Gerber*

## CO-CURRICULAR ACTIVITIES 2018-19

Co-curricular activities have also acted as a catalyst for the promotion of national integration, co-existence, cultural values, and general health and well-being in many countries. Whether they focus upon sports, arts, music, science or other areas, co-curricular activities play a significant role in student's overall holistic development, as well as screening talents and giftedness among children and young learners, which highlights their significance within school system. Curricular activities are significant for enriching students on an emotional, cognitive, physical and social level. The enrichment can come in the shape of the hidden curriculum or be structured as additional activities that are aimed at enriching the existing curriculum in alignment with learning outcomes and pedagogic activities.

### *Expressions*

**K.G. I Story Telling- "Save Nature"**

**Flower Making Activity**

**K.G. I Recitation on Save Trees**

**K.G. II Story Telling - "Fairy Tale"**

### *Sports*

At Balmandir we lay a strong emphasis on sports and physical development. Sports help to develop and enhance skills like strength, speed, control, balance, flexibility etc.

**Frog Race**

**Fruit Race**

"Children learn as they play. Most importantly, in play children learn how to learn." ~ O. Fred Donaldson

## CELEBRATIONS IN SCHOOL

Diwali Celebration

Raksha Bandhan

Nur. Diya Decoration Activity

K. G. II - Diwali Card Making Activity

Celebrations in Balmandir whether in the form of functions or on the occasion of religious or national festivals it has become an integral part of learning at schools. Such celebrations educate the students about their cultural and spiritual heritage and teach them to live in harmony with all the other religions, respecting their values. We at Balmandir encourage students to embrace each other's customs too.

Holi Celebration

Palm Printing- Holi Activity

"The more risks you allow your children to make, the better they learn to look after themselves." ~ Roald Dahl

## GREEN WEEK CELEBRATION

### “Steps towards environment”

Environment is the surrounding to which living and non-living forms are exposed to keeping the human features to minimum. The air we breathe, the water we consume, the ecosystem we live in. All constitute the environment. Clean environment is very much necessary for a healthy and prosperous society. But due to various factors its condition is depleting everyday. The need of the hour is to prevent the misuse of resources and cutting of trees. With this motive to generate awareness among the children about the environment and saving trees “GREEN WEEK” had been celebrated in school where children participated in a wide range of activities under the guidance of their teachers. Various activities had been performed throughout the week with a purpose of making a bonding with environment and “Mother Earth”.

Plantation of Sapling by the tiny tots  
of Nursery

Presentation by teachers

Teacher sharing information on  
“Importance of Trees”

Teacher explaining different parts of  
the plants

## “Make a green promise”

Give and grow together

Distribution of seeds in neighbourhood areas

Rally by the Students of K.G.II

K.G.II Children planting sapling

K.G.II Students ready for the Rally

“What can you do to promote world peace? Go home and love your family.” ~ Mother Teresa

## CHILDREN'S DAY CELEBRATION

**Chacha Nehru interacting with Children**

**Movie Time**

Children's day was celebrated at Bal Mandir to mark the birth Anniversary of Pandit Jawahar Lal Nehru, the first Prime Minister of Independent India. This day was dedicated to children because of the fondness and love, he had for children. The day was full of fun and enjoyment for the students to make them feel special. A beautiful presentation was also given by teachers for their enjoyment. Many Fun activities like Movie time, Circle time, Games, Storytelling etc. were organised and the day was declared as "NO BAG DAY".

**Tiffin time in garden**

**Games**

*"We are raised in a culture that values expertise over exploration." ~ Nina Wise*

## PROUD MOMENTS

### Interschool Achievements

Competitions motivate the children to develop self confidence, enhance their skills, and they learn that participation is a learning process than winning any competition.

9.	Mast. Sukrit S. Mitra	K.G.II D

*"When our little people are overwhelmed by big emotions it is our job to share our calm, not join their chaos." ~ L.R. Knost*

## BUILDING ALLIANCE

### Effective Partnership with parents

Research shows that parents involvement can improve students behaviour, attendance and achievements. At Bal Mandir we are successful in engaging parents start by going beyond narrow definitions of involvement. We believe that student's success is shared interest of both school and family, envision parents as the partner in the learning process, and then identifying the concrete ways that partnership can be activated. The bottom line is to communicate using strategies and invite them to respond for the positive child's development.

Children along with their parents browsed activity during the sessions

Demonstration of activities

"I shouldn't have to defend play for children any more than I should have to defend their eating, sleeping, and breathing." ~ Rae Pica

## EMPOWERING PILLARS

**“Investment in Knowledge”, always pays the best Interest.**

Workshops help the teachers to grow beyond their current expertise. Professional development training can help teachers to become better at planning their time and staying organized. This ultimately makes teachers more efficient and gives them extra time to focus on students.

Workshop in progress

### Workshop on “BRAIN GYM”

A Brain Gym and Movement Based Educational Programme, had arranged one day workshop, conducted by Minaz Ajani, (Brain Gym consultant). Brain Gym is considered to be a learning readiness programme which addresses the physical skills of learning. Brain Gym activities can help us to switch back on the muscles and movement reflexes that makes learning easy.

### Workshop on “MENTAL HEALTH PROBLEMS IN CHILDREN”:

“Mental Health Problems in school children-causes, prevention and intervention”, held in Wisdom High International School and Jr. College Nashik, the resource person was Dr. V.S. Ravindran.

### Workshop on “ECA”:

“Early Childhood Seminar” by ECA Group, which covered the areas of Classroom Management, the speakers included Smt. Asha Verma, Smt. Sonal Andrews and Smt. Rekha Sahani.

### Workshop on “JOLLY PHONICS”:

“Jolly Phonics”, a workshop which emphasized on the Reading, Writing, Language decoding skills. The Master Trainer was Smt. Shweta Gupta.

### Workshop on “INCLUSIVE EDUCATION”

The school has organized CBSE capacity Building Programme on Inclusive Education , the speakers were Dr. Swaroop Dutta and Shri. Rajesh Sharma. In Inclusive Education, the Teacher is the dynamic force to facilitate the developmental process of children inclusively. Inclusive Education involves working as a team with parents and Special Education Teachers to learn what skill a child needs and to provide best teaching approach.

Interactive session with Shri. Rajesh Sharma

### Workshop on “VOCABULARY DEVELOPMENT”:

“Image of a child – Vocabulary through movement”, held at The Children's Garden Preschool and the speaker was Smt. Suchika Deshmukh.

“To give a child a mechanical toy is equivalent to playing for him” ~ Walter Wood

## HEALTH CHECK UP

### Health Check up: For Female Staff and Support Staff

Health is an important factor that contributes to human well-being and economic growth. To adequately improve the health of women in India, multiple dimension has been analyzed in relation to global health. Currently, women faces multitude of health problems which ultimately affect the aggregate economic output. Hence, Bhavan's in collaboration with Rashtra Sant Tukdoji Cancer Hospital took an initiative to conduct PEP smear and Mammography medical test for our female staff and support staff, under the supervision of Dr. Rohini Patil.
